

TECHNICAL DATA SHEET FLEX LOK TABS

Double coated tape

Product: 3" x 3" Connector Tabs 230g

Application area:

Connection of carpet tiles and planks

Production Description:

A high-performance poly-acrylate adhesive system. The solvent free formulation exhibits good ageing resistance with a high initial tack and peel adhesion on all surfaces.

Technical Data:

Adhesive carrier:	Polyester scrim
Adhesive system:	Acrylic dispersion
Liner:	Silicon paper, brown
Thickness (without liner):	0.22 - 0.24mm
Coating weight:	220 - 240 g/m ²
Peel adhesion:	20 n/25 mm (DIN EN 1939)*
Shear adhesion:	250g/625 mm ² (DIN EN 1943)*
Processing temperature:	-40°C to +100°C
Condensation water resistance: Good Ageing resistance:	Good
